rate, and wholesome literature for the people.
At the close of the address Mrs. McIntosh de-
clared the coffee and reading room to be open,
and the company were then served with tea and
coffee by the caretaker, Mrs. White, the quality
of which gave general satisfaction. In addition
to tea and coffee and cocoa, good soup will be
provided from 11.30 a.m. to 1.30 p.m. daily. A
goodly company from the village gathered in the
evening, which augured well for the success of
the undertaking.

HEMPSTEAD.

DESTRUCTIVE FIRE.—About two o'clock on
Friday morning a fire broke out at the workshop
of Frank Turner, a blacksmith, at Hempstead.
The place, being thatched, was soon destroyed,
and its contents, consisting chiefly of working
tools, were all more or less damaged. A shed
adjoining the shop, with a valuable cart therein,
the latter being the property of Henry Prior, a
bricklayer, was also consumed, together with a
thatched cottage standing near by, occupied by
Thomas Bird, a retired blacksmith, and the greater
part of the household furniture. The fire was
fortunately seen by a young man named Adam
Purkiss, who had been employed near by at
night work. He roused the inhabitants, and the
result might have been far more serious. The
Saffron Walden Fire Brigade attended with
their fire engine, and with a number of willing
hands did good service in stopping the progress
of the fire. Sergeant Fulcher, P.C.'s Reed,
Robinson, and Whiting were in attendance.
The house, shop, and shed were the property of
the parish of Hempstead, and were insured in
the Essex and Suffolk Equitable Fire Office.
Mr. Bird's furniture is insured in the same office.
Frank Turner, less fortunate, is not insured.
The police made the usual inquiry as to the
cause of the fire, which is at present unknown,
but the general opinion is that it was caused by
a defective forge in the shop, which had been
used up to six o'clock on Thursday night.

HORNCHURCH.

BAPTIST CHAPEL.—On Sunday week, after
the evening service at the Baptist Chapel, the
Rev. J. H. Hooper, who for some months has
conducted the services at Hornchurch, intimated
his intended resignation, on account of the com-
bined college and ministerial duties being too
great a strain upon his health.
