Dear Diana,

I was so pleased to speak with you and be able to pass on this very interesting document.

As I was compiling a pre-war village residency, before the older villagers passed on, I was given a whole load of papers etc by Mrs Harding, the enclosed document was part, the rest to do with London (all 1942).

Just going through the document I am amazed at how detailed it is and am sure will be of great interest to all of Hempstead.

I am so pleased I did the survey in 1970 for all whom I interviewed have now passed on, but Fingringhoe now has that document.

I hope you will find the document useful.

Yours Michael Coyne
