Dear Vicar.

Whilst going through some boxes
I have found the enclosed items, they
were inherited from the old Rose & Brown
when we took over from Jack Hanley.

I send these items for you, if you
can, to pass on to any person who are
related or interested to have mementoes
of the past and of course photos of villagers
long gone including their enclosures.

I hope these old bits & pieces
will give pleasure to some of villagers
who will be able to see how little Hamptstead
has changed.

Yours faithfully
Clarice Lee.

P.T.O.

P.S. Would you be kind enough to
let me know if anybody can do some
maintenance to the grave of my
late husband John Gee. ie reset and
clean headstone etc also mow the grass.
I look forward hearing from you or the
person who can undertake the work.

my thanks C.G.
